I have confirmed that I have symptoms of the flu because:

I was told this by a health care professional

OR

I visited the University of Utah Health Care Web site, [www.healthcare.utah.edu/flu](http://www.healthcare.utah.edu/flu), and determined that my symptoms are the same as those stated in the site.

I am aware that I am responsible for completing any work that I miss including assignments, quizzes and tests.

I understand that it is my responsibility to communicate with my instructors through the means established with each instructor (Web CT, phone, or e-mail).

*NOTE: This is an excuse for one case of flu per semester. It will not count against the attendance policy for your course. If missing more than two classes, you must make an appointment with your instructor upon your return.*
